
The DX Bulletin

Issue 33

April 10, 1980

HOT NEWS? CALL THE DX BULLETIN: 203-871-6251; LEAVE A MESSAGE!

PROPAGATION: April 9-14, High Normal; Apr. 15, High/Low Normal; Apr. 16, High Normal; Apr. 17, 18, Low Normal; Apr. 19, High Normal; Apr. 20, Low Normal. TNX N4XX.

1980 DX CENSUS in this issue will determine the content of The DX Bulletin over the coming year. It will also enable organizations such as the International DX foundation, the Northern California DX Foundation, and others to target DXpedition spots in the future. We are looking for in excess of 2,000 responses and are also in search of someone to run the numbers through a computer. But we can crunch the numbers here if no takers.

ON NOW OR EXPECTED MOMENTARILY:

1. TZ4AQS operation by ON6BC has now shown as of 5 April; see Issue 28, p. 2.
2. YV0USB, Aves Island, did not show for the WPX Contest as planned; YV5USB advises they will try again about April 15-17. See Issue 31 for frequencies.
3. N6DX, JA1BK and N2KK are scheduled to begin their Oceania operation April 15, at 3D2DB Fiji for three days. Issue 31 for details.
4. John Ackley, KP2A, is presently operating 8Q7AR, until April 15; see Issue 31.
5. TY9ER Benin is becoming scarce and shows little interest in working Stateside; best bet for him is the DK2OC group weekends, 28750 at 1200Z.
6. FR7/Glorioso operation by a West German group (Issue 30) has been cancelled due to licensing impossibilities.
7. N4HX made a fast pull-out from Chad, where he had operated briefly; Chad is in a virtual state of civil war, and Bull reportedly left with only a suitcase.
8. XZ00NU operation beginning April 15 looks less and less likely; no word from VE3FXT concerning this.
9. Following his J5AG operation, SM0AGD has not shown from anywhere else. Eric's next stop was to be Zaire 9Q5.
10. VS500 Brunei by N200, N2CW and KP2A will be about April 17/18 before they proceed to 9M6MU.
11. Tim Chen, BV2A/B advised the following operating schedule: Wednesdays, 10-1400, Saturday 2300-Sunday 0200; mainly on 14218 but has been on 28030 and 28530 the past two weeks with a big signal to North America.
12. PP0MAG still on from Trinidad (not Trindadel). Operating CW only per this sked: 21 Mhz, 19-21Z; 14MHz, 21-23; 7 MHz 23-00; 3.5 MHz, 0000-0030; 1.8 MHz, from 0030; he will concentrate on 160 Meters Apr. 12-15.
13. D68AQ Comoros is active with NIACW Wednesdays, 1815Z, 21290.
14. CE0ZJ is a resident of Juan Fernandez and active between 28750 and 28800, 1230-1500Z. Hates pile-ups.
15. DJ1US/ST3, who will be active from the Sudan until the end of 1980, is temporarily back in Europe, until mid-May.

The DX Bulletin is a weekly publication devoted to news of interest to DXers worldwide. *The DX Bulletin* is affiliated with no other publication or organization and is independently published by DXers, for DXers. Yearly subscription rates are \$22 US, VE and XE, \$30 all others (air mail). Address all correspondence to *The DX Bulletin*, 306 Vernon Avenue, Vernon, CT 06066 USA.

Printed in the USA by *The DX Bulletin*.

May be quoted or excerpted without prior permission provided TDXB is credited.

Mail by April 30!

The DX Bulletin

MORE? Fill in here:

INSTRUCTIONS

Place an X in the space for countries you NEED; if you are not actively chasing countries on SSB or CW, don't bother with those spaces; just fill in the Mixed box. If we didn't include a country you need, put it in the blank spaces at the end.

Then fill out the information at the bottom of this page, and include anything else you want to send to The DX Bulletin. Like a report form.

This survey will enable us to provide the best possible service, so please take time to fill it out. You can fold it, staple, and mail open, or put it in an envelope. Outside of the U.S., please mail in an envelope. Thanks!

YOUR CALL _____ YEAR LICENSED _____

DXCC TOTALS: Mixed _____ SSB _____ CW _____

Honor Roll? _____ 5Band DXCC? _____

We will publish the complete results of this census as soon as we can tabulate the numbers. Meanwhile, what else can The DX Bulletin do to help your DXing??? Space below for suggestions:

Fold here, staple, tape, add a stamp and mail. Or put in an envelope.

The DX Bulletin

April 10, 1980

Editor's Note: After next week we have full time to devote to making the Bulletin bigger. You may have already noticed that The DX Bulletin packs in the material. One thing that bugs me is to see a publication with white space, so I avoid it. Those who have sent checks for subscription extensions will get an acknowledgement after the offer expires April 30. There have been a bunch of you-thanks. Your editor is getting geared up to have more time to spend on the air, and started last Friday night by working 4S7VZ and 9V1UK on 10 Meters, long path, at 0400Z...Incredible! Sure beats 1974. Don't forget to request report forms and postage-paid envelopes if you want them.

BRIEF NOTES... March newsletter of the International DX Foundation is out; we will try to print most of it here in the next couple of weeks. They are looking for interested persons to join an expedition to Bhutan in 1981...Guest at the April 29th meeting of the Frankfort Radio Club (Philadelphia) will be 9Y4VU. New FRC officers are Pres. N3AW, V.P. N3AD, Sec. K3VW and Treas. N2LT...The May issue of CQ Magazine has a nice article by Ed. Moody, N3ED, on the FRC's 1978 expedition to San Andres, HKØCOP, for the WW CW Contest...TN8AJ cards are now showing up from DM2XLO, as are TY9ER QSLs from DL8DC; don't forget to use a large return envelope for TY9ER and 5U7BE...Qatar is everywhere these days: A7XE at many times on 28025 and 21025, A7XD on 21355 at 1800Z...K1DRN/VP9 will be looking for his radio friends April 19 to 25, on 14 MHz SSB only (Vern, I forgot to tell you, the Kamarans are coming on for one day only April 19)...Not really-Ed...WB6APX and others seek the last name of Halil, TA2HIA (PO BOX 3, Cevizli, Turkey); our latest Callbook has nothing. If you work Halil, ask him...We got a nice note: "Incidentally, I have noticed that your college education has taken affect and your spellin is now superb! Congrats!"...

AND NOW... To get you psyched for filling out the CENSUS, here is last November's survey done by the Japan DX Radio Club: 21 JA DXers filled out their forms, before 8Z4A TLØBQ TN8AJ and TZ4AQS became active. The results are still of interest:

Rank	Country	Needed	By
1	VS9K	86%	
2	BY	76%	
	ZA		
4	HKØ Mal.	67%	
5	VKØ Hrd	62%

Following from the April issue of the Totem Tabloid, bulletin of the Western Washington DX Club:

"The Western Washington DX Club Big Gun Invitational had something for everyone. The QRP category was closely fought between K7RI and WA7ZLC; Tom removed one of his final tubes and was heard to say 'It's really amazing what QRP can do!' Henry took another approach, and turned his 4-1000A plate voltage down to 100 volts, then drove it with his SB-220! In the ultimate QRP category, K7NF and K7IM struggled along with ZERO watts! George's creative logging prevailed when it was discovered that Kim's multipliers were garnered via a WATS line! Zero watts means zero WATS Kim!"
